

ELECTRONIC DEVICES

The District School Board of Niagara recognizes that students may have in their possession personal electronic devices while at school or at school-related activities. This policy governs the acceptable use of personal electronic communication devices by students while at school or at school-related activities.

It is the policy of the District School Board of Niagara that cellular telephones, pagers, and similar types of communications devices owned and/or carried by students are to be turned off and are not to be used on school property, with the exception that school administrators shall designate one or more areas of the school property appropriate for the use of electronic communication devices provided to take into account the provisions mentioned above. At the Lifetime Learning Centre, students would be permitted to use these devices in the stairwells and the front entranceway of the Centre.

With consideration to their restricted area, they are not to be used in private areas such as locker rooms and washrooms, nor are they to be used where it interferes with the learning, privacy or safety of staff, students, or others.
